Pathfinder

2/24/2025

Nicolas Ortiz, Patrick King, Thomas Powell, Maddie McDowell

Weekly Status Report

Accomplishments: *Agreed upon light work period due to midterms*

1. Completed final figma design for the resume terminal
2. Continued progress on front end construction of dashboard page
    a. Page styling almost complete
    b. Started linking sign in button with firebase user data storage
3. Continued prompt engineering/testing on AI resume suggestions

Scheduled Tasks:

1. Complete the in-progress sign in button functionality
    a. 3/14
2. Implement the floating AI chatbot button to collect user text to pass along to AI prompt
    a. 3/14
3. Group meeting to coordinate second half of semester and discuss current tasks will occur the week after break
    a. specific date TBD

Noteworthy Risks, Concerns, or Problems:

1. Spring break next week will be disruptive
    a. We all agreed to substantially increase productivity after break to compensate
2. Still researching questionnaires
    a. We aren't satisfied with current performance but our current questionnaire is functional so not the end of the world
